Re: Freedom of Information Act (FOIA)  
Request Number EPA-R8-2014-004116

Dear Mr. Schlagel:

This letter is in response to your FOIA request of March 3, 2014 for "...environmental records... as they relate to the properties located at 2990 North Speer Boulevard in the city of Denver, Denver County, Colorado."

It has been recorded that on March 4, 2014 Ms. Adrienne Rivera, FOIA Coordinator for the Office of Partnerships and Regulatory Assistance, obtained your concurrence to increase the original Fee Limit in the FOIAonline system from \$25 to \$60. That email communication can be viewed via FOIAonline in the "Correspondence" tab. The programs and offices which performed search and review efforts have identified that no responsive records were found. All responses and any additional information can be viewed via FOIAonline. There is a total cost of \$31.25 to provide this information. An itemized invoice will be forwarded under separate cover.

Under the FOIA, you have the right to appeal this determination to the National Freedom of Information Office, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, DC 20460 (U.S. Postal Service Only), Fax: (202) 566-2147, Email: [FOIA\\_HQ@epa.gov](mailto:FOIA_HQ@epa.gov). Only items mailed through the U.S. Postal Service may be delivered to 1200 Pennsylvania Avenue, N.W. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, DC 20004. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the FOIA number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

Sincerely,

A handwritten signature in dark ink, appearing to read "Mike Shanahan", is written over a horizontal line.

Mike Shanahan, Acting Director  
Resource Conservation and Recovery Program
